

## Teppiche für Bahnen Wool/Polyamide comfort printed

### Key features

Lantal Wool/Polyamide comfort printed carpets have the following main advantages:

- **Individual design of the interior thanks to customer-specific print motifs**
- **High-quality velour carpet with noble optics and a dense, smooth surface, which leads to a high walking comfort.**
- **Good abrasion resistance due to the polyamide share.**
- **Good for on-board climate; absorbs excess moisture.**
- **Sound absorbing and non-slipping compared to hard flooring**
- **Less dust generation compared to smooth flooring**
- **Easy cleaning**

### Applications

Lantal Polyamide velours printed carpets are suitable for

- Passenger sections
- Dining and bar areas

### Specification

#### Composition

Polyamide comfort printed consists of 100% polyamide.

#### Colors and designs

The manufacturing process of this carpet allows a multitude of design variations. Due to an exclusive printing process you can let your creativity run free.

We are happy to advise and support you in the development of the print motif.

### Safety and standards

Polyamide comfort printed carpets are permanently flame-retardant. According to the fire standards and requirements of EN 45545-2, R10, HL 1-2 is fulfilled.

This result is based on preliminary tests. The original floor construction must be tested to verify fire behavior pursuant to EN 45545-2

On request, a special coating is available which complies with HL 1-3.

<b>Weight</b>	2'100 g/m <sup>2</sup> ±10%
<b>Pile/total height</b>	5.5 mm / 8 mm (+/- 2 mm)
<b>Width</b>	400 cm
<b>Mindestmenge</b>	200 m <sup>2</sup>

### Abrasion resistance

Lantal Wool/Polyamide comfort printed carpets comply with all relevant wear and abrasion standards.

### Light fastness

Lantal Wool/Polyamide comfort printed carpets are highly lightfast thanks to the innovative printing process and the use of synthetic fibers.

### Cleaning

With a vacuum cleaner or a spray extraction unit at up to 40°C.

### Service life

Lantal products have particularly long service lives and still look like new even after extended periods of use.
