Essentials Stock - Mix-and-Match

Lantal is a Swiss leading manufacturer of soft interiors and services for the airline industry. We serve our customers with uncompromisingly airworthy flat weaves and carpets but also with acclaimed design competence and test lab services. Lantal's passion is to create interiors that proudly reflect the customer's heritage and make passengers feel at home in the air.

Do you have not enough time to develop a customized fabric or carpet for your aircraft? We support you to create an interior concept.

Lantal provides a pick-and-fly range, named Essentials Stock, a tastefully selection of pre-coordinated classic to contemporary designs and colors including seat cover fabrics, curtain fabrics, carpets, genuine leather, TEC-Leather and wall covering fabric.

The unique concept of this collection:

- All of its permutations express style, distinctiveness, and taste
- Are available immediately off the shelf
- Mix-and-match easily from one collection and save time

No matter which combinations of fabrics and carpets are choosen, it will match and create a harmonious cabin atmosphere. Additionally Lantal provides ready-made services such as ready-to-install seat-covers, literature pockets, steam-pleated curtains and pre-cut carpets. All Lantal products comply with airworthiness requirements and are easy to maintain.

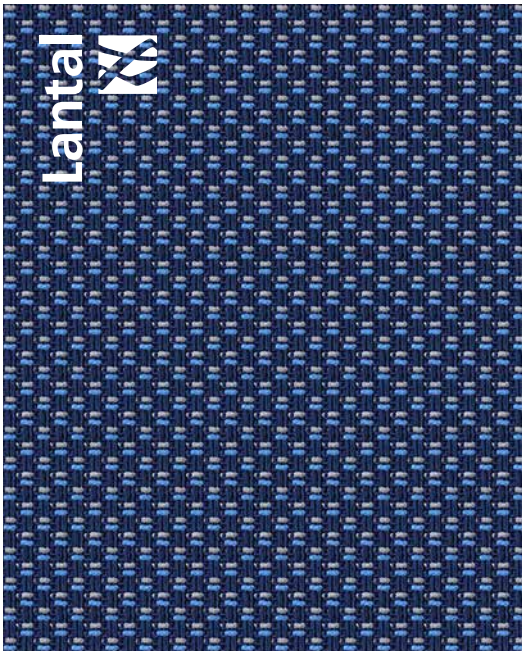

Your contact

For more than 135 years, the Lantal Textiles Team has been working passionately every day to develop, design and manufacture best performing textiles. We are looking forward to serving you, too. You are invited to contact us for samples and further information:
