Specifications

Typical applications

Seat covers, headrest covers, antimacassars, armrests, piping

Quality

Lantal premium leather is made of first-class central European cowhides with a subtle grain and a polished surface.

Finishing

The surface is finished with a water-soluble, pigmented lacquer with outstanding lightfastness properties.

Colors

The Lantal product line covers a selection of 39 predefined colors that can be optimally combined with other materials. Minimum order quantity is one hide.

On request, customer-specific colors can be developed, which are available as of a minimum order quantity of three hides.

Design options

Lantal leathers can also be embossed or embroidered with logos or other signature design elements. Leather is easily adaptable to your brand and livery.

Weight

Approx. 800 g/m^2, 23.6 oz/sy, tolerance ±10%

Thickness

±1.2 mm, 0.047 in.

Average size of hide

5.2 m^2, 56 sq. ft.

Safety

Lantal premium leathers are flame-resistant and comply with the standards and specifications of UN-ECE-R118.02 / FMVSS 302.

Lightfastness

Thanks to an optimized dyeing process, Lantal's genuine leather achieves excellent scores and fulfills testing pursuant to ISO 105-B06.

Cleaning

Thanks to the surface finish, occasional cleaning with soapy water followed by rinsing is sufficient. Genuine leather must not be cleaned with chemicals of any kind. It retains its natural beauty even after years of service.
