

Ready-to-install products for buses and trains

Seat covers

Key advantages

Lantal ready-to-install seat covers offer the following advantages:

- **Distinctive look thanks to custom design options**
- **One-stop, comprehensive solutions**
- **Quick and cost-effective**
- **Durability thanks to the highest-quality craftsmanship**
- **Easy installation because the pieces are delivered ready-to-install**
- **Meeting all applicable bus and railway safety regulations**

Tailoring

Lantal ready-to-install seat covers offer the following features and options:

Pre-cut seat cover fabric

Each piece is cut from the yardage and delivered in boxes.

Seat cover fabric tailored and sewn

Each piece is sewn as well.

Laminated seat cover fabric

The products can optionally be laminated with fleece or foam. This option is available for yardage products as well as parts.

Materials

Lantal manufactures seat covers out of flat-weave fabric, plush, leather and imitation leather.

Design options

- Decorative seams
- Perforated leather
- Corded welting as a color contrast to the cover fabric

Safety

Lantal products are flame-resistant and they comply with the fire standards and requirements of the particular applications. DIN 5510-2, UN-ECE-R118.02 and FMVSS 302 or NF F 18-101.

The original seat assembly must be tested to verify fire behavior pursuant to EN 45545-2.

Contact

Send us your approved data, sketches or files with the exact measurements or an assembly diagram showing all relevant dimensions. We will be happy to provide you with a professionally tailored seat cover that is easy to upholster.

Contact Lantal and discuss your needs with us. We look forward to assisting you.
