

## Ready-to-install products for buses and trains

### Pre-cut carpets

#### Key advantages

Lantal pre-cut carpets offer the following key advantages:

- **Everything from a single source**
- **Reduced coordination costs**
- **Minimal logistical effort**

#### Processing

Lantal pre-cut carpets feature non-fray edges and offer the following features and options:

- Pre-cut to customer requirements
- With or without double-sided adhesive tape

Depending on requirements, pre-cut carpets can be serged with a matching yarn and in the corresponding color.

#### Safety

Lantal products are flame-resistant and they comply with the fire standards and requirements of the particular applications. DIN 5510-2, UN-ECE-R118.02 and FMVSS 302.

The original floor construction must be tested to verify fire behavior pursuant to EN 45545-2.
